

# Loud Shirt Day

## WHERE YOUR MONEY GOES

**\$50**

Will fund an Audio-Verbal Therapy kit for families with babies diagnosed with hearing loss, empowering parents to aid their child's hearing and language development.

**\$1,000**

Will purchase a Phonak Roger Microphone to assist children with hearing loss in hearing their teacher in the classroom.

**\$190**

Can provide a child with a crucial speech or language assessment, ensuring they are meeting important developmental milestones.

**\$1,800**

Will fund 10 Paediatric Audiology Assessments for ten children, crucial for early detection in hearing loss.

**\$650**

Will give 5 sessions to a child requiring essential ongoing treatment for speech or language.

**\$5,000**

Supports one child's education at TSH for 12 months in our speech and language programs.

## Supporting kids with hearing loss

Your support will change lives. Thanks to you we can continue to provide children with hearing loss with the gifts of speech and language.

## SUPPORTING CHILDREN WITH HEARING LOSS

Get down onto the child's level and stay nearby when talking to them.

Talk in a natural voice, don't shout or exaggerate.

If they use hearing technology make sure their devices are on and working.

Chat to their parent about their preferred communication style.

Try limit background noise and make sure you get their attention before talking to them.

Talk one at a time to the child and give them time to process what you have said.

Some common causes are:

Genetic, Viral, Medication (Ototoxicity), Noise induced and age related

**HEARING LOSS**  
MEANS DIFFICULTY  
HEARING

SOME HEARING LOSSES  
ARE **TEMPORARY** & SOME ARE  
**PERMENTENT**

**SOME KIDS**  
**ARE BORN WITH IT &**  
**OTHERS GET IT LATER ON**
